

# Loading Card Mechanical Hands Free DSRMHF

## Tools required

- Leonardo Mechanical Hands Free Dispenser
- Leonardo Roll towel
- Dispenser key

Roll the paper into the wheel.

Turn the wheel on the side of the dispenser to feed the paper through.

User pulls paper and next sheet automatically presents.

## Stub Roll Function

Once the roll is low it may be dropped under the stub roll flap.

The new roll is placed over the top into the standard roll holder and the paper tucked under the clips.

Once the sub roll is finished turn the wheel to feed the new roll through.
