

# Leonardo, the system range that will stand the test of time...

## “A high capacity dispenser range with significant cost savings”

### Cost

- Proven **cost-in-use benefits**
- **Zero waste** with 100% usage
- **Lockable** dispensers **reduces theft and vandalism**

### Maintenance

- High capacity - **less checks needed**
- Drain friendly products
- Dispensers are made from **hard wearing** ABS plastic

### Hygiene

- No-touch ultra hygienic dispensing options
  - **reducing the spread of bacteria**
- Towel 'in' or 'out' - users only touch the paper they will use
- BioKleen treated contact areas
- Smooth wipe clean dispensers with no corners or recess

### Use

- Easy to use dispensers for all ages
- Automatic dispensers, offering a premium feel and look
- Dispensers available in active blue, matt white and silver to suit end users needs.

All contact areas on the dispensers are treated with **BioKleen**.

**BioKleen** inhibits the growth of micro organisms like bacteria, reducing the spread of harmful germs and maintaining a healthy, hygienic washroom.

Leonardo proudly carries the EU Ecolabel certificate across many of its recycled paper range. Using Ecolabel certified products ensures we meet stringent 'Green Guidelines' with minimal environmental impact.

# Durable and high capacity ensuring constant paper supply...
